

MEDIA RELEASE

For Immediate Release

17 January 2012

RSL Care WA's Jurien Bay Retirement Village

With the recent announcement of the State Governments inclusion of Jurien Bay as one of nine regional "Super Towns" to receive funding to stimulate growth coinciding with the completion of Stage One of RSL Care WA's Jurien Bay Retirement Village, means now is the time to make your move.

Stage one of this three stage, three year development is nearing completion, with three units opening for inspection from the 25th January 2012.

Two of the units will be furnished and the third will be a clean slate.

RSL Care WA's Special Projects Manager, Ken Hamilton is onsite during normal business hours each week on Wednesday, Thursday and Friday and is happy to introduce over 55's to the new lifestyle that awaits in the seaside town.

Mr Hamilton believes that the Jurien Bay Retirement Village will appeal to a broad spectrum of modern retirees, from all walks of life.

"With the opening of Indian Ocean Drive cutting the driving time to Jurien Bay from Joondalup to an hour and three quarters, retirement paradise is now more accessible to more people".

Jurien Bay offers a relaxed way of life which centres on long white sandy beaches, boating and fishing and a healthy outdoors lifestyle.

Within a short distance, you can also visit Lesuer National Park, Sandy Cape Recreational Park, Nambung National Park, Pinnacles Desert and the location also offers a wonderful variety of over 900 species of native flora.

This premium development will see the construction of 98 two and three bedroom villas.

Residents may choose from a two bedroom, two bathroom home with a single garage or a three bedroom, 2 bathroom with a double garage.

There will be nine contemporary floor lay outs to choose from and residents can then decide between six colour schemes which have been chosen by an interior designer.

All homes will have air conditioning to the main bedroom and the lounge living area.

Each home has a private rear garden and a village maintained front area.

There will also be onsite caravan and boat bays and on and near site parking for visitors.

Set in a handy location on Bashford Street and Nineteenth Avenue, all the facilities and services needed for locals are only minutes away, including the Tennis, Bowling and Golf Clubs which are within walking distance of the front gate of the Village.

The new on site Community Centre will incorporate a pool, gym, dining and lounge areas, bar and kitchen, a media room, hairdressing salon, a workshop, library and computer equipment.

The Community Centre will be completed in the Second Stage of construction, which is due for completion at the end of 2012.

Prices for units start at \$399,000 with Price on Application for larger homes.
